AND

PRANA BIOTECHNOLOGY LIMITED, ACN 080 699 065 of Level 1, 100 Dorcas Street, South Melbourne 3205, Victoria, Australia ("the Assignee")

RECITALS

- A. The Parties entered into an Assignment Agreement dated 7 i ebruary 2000 in which the Assignor agreed to assign certain patents and patent applications to the Assignee in return for payment of fees to the Assignor ("the Assignment Agreement"). Further, the Assignee agreed to make financial contributions to the Assignor to carry out research into the treatment of Alzheimer's Disease.
- B. The Parties agreed that all intellectual property (including any patentable invention) created in the course of conduct of the research pursuant to the Assignment Agreement would belong absolutely to the Assignee who would have the sole right to seek patent registration.
- C. The Assignor, together with other parties has filed the Patent Applications.
- D. The Parties entered into a Variation Agreement dated this day 1 of Ollews 2001, pursuant to which the Schedule to the Assignment Agreement was amended to add Provisional Patent Application No. PR2024/00 to section 1 of the Schedule 1 of the Assignment Agreement.
- E. The Parties wish to formalize and record in this Deed the assignment to the Assignee of the Assignor's interest in the Inventions, the Know-How and the Patent Applications including the right to apply for and obtain corresponding letters patent in any country in the world.

AGREEMENT

1. Definitions

In this Deed:

"Inventions" means any and all inventions described in the Patent Applications.

COMMISSIONESTEMPIASSIGNMENT OF PATENT-BRI-PRANA.doc 13/12/01

"Know-How" means know-how which the Assignor has acquired and developed with respect to the Inventions.

"Patent Applications" means the patent applications described in the Schedule.

"Parties" means the Assignor and the Assignor.

2. Assignment

The Assignor assigns to the Assignee all its right, title and interest in the Patent Applications, Know-How and Inventions including:

- a) the right to apply for letters patent for the Inventions including continuing applications, reissues, extensions, renewals and re-examinations of the Patent Applications;
- b) all benefits arising from any letters patent granted in relation to them; and
- c) the right to apply for and obtain corresponding letters patent in any country in the world;
- d) the right to sue for past infringement and the right to enjoy for its sole benefit the reward of such action.

3. Consideration

The Assignor acknowledges having received good and valuable consideration for the assignment effected by this Deed.

4. Warranties

The Assignor warrants that:

- a) neither the execution of this Deed nor the performance by the Assignor of its obligations will cause the Assignor to be in breach of any agreement to which it is a party;
- b) it has not assigned, licensed or otherwise encumbered, in any manner, the Know-How, the Patent Applications or the Inventions.

. 5. Confidential Information

The Assignor must hold all the Know-How and information in relation to the Invention which is not generally available to the public in strict confidence unless and until the Know-How or information comes into the public domain otherwise than by disclosure by the Assignor in breach of this Deed.

6. Further Assistance

The Assignor must provide to the Assignee such further assistance as is reasonably requested by the Assignee to facilitate:

- the filing of applications for grant of letters patent in respect of the a) Inventions in Australia and any other jurisdiction;
- the granting of letters patent on such applications by the Assignee for b) letters patent for the Invention in Australia and any other jurisdictions;
